Sir,

I beg to inform you that the Hospital Assistant at Kunigal having reported that, in accordance with orders of your Office to the Amildar, the Expenditure of the Kunigal Dispensary was to be limited to Rs 98 for the year, and that in consequence there was some difficulty in meeting this sum Kunigal already having reached, last month bill, I have the honor to request you will be good enough to acquaint me with the nature of those

those orders.

I would add that the allotment for the Dispensary for the present Official year . is Rs 120- and unless there are some urgent or special reasons, it would be as well to adhere to this sum (if required) . and to postpone any reduction until the beginning of the next Official year - more especially as there are still two months to run of the period for which the allotment has been made. —

Sir,

I have the honor to for for disposal an application Assistant Surgeon Jennings for an allowance for charg of the Lunatic and Leper Asylu and Medical Stores from the da on which he took over charge from apothecary Hellein.

Para 8. of the Proceedings of the Dewan, No. 885-7-4, dat 5th May 1884, lays down th the fixed monthly allowan of Rs. 50/- given to Assist Surgeons covers all medica duties which may be requir

of them, but this was not adhered to in the case of Assistant Surgeon Costello who held medical charge of Mysore during Dr. Benson's absence on tour with H.H. the Maharajah, and who got an extra monthly allowance of Rs. 50/-.

The Extra work thrown on Assistant Surgeon Fernandes on the departure of Apothecary Hellein is more laborious, though perhaps not of so responsible a character in some respects, as that which devolved on Mr. Costello during Dr Benson's absence, and the Dewan might take into consideration the question of granting him an allowance for it.

Mr. Hellein's pay and allowances were as per margin.

Senior Surgeon in Mysore

He was given temporary promotion to a higher grade during the time he acted for Dr B., and the analogy does not therefore apply — under such cases.

I am unable to see any reason for allowance to Mr. Costello, not because he did not discharge the duties of Apothecary Hellein, but because the responsibility thrown on his office in the Head Department was not because I am unwilling to depart from a well recognized rule or create an unnecessary precedent.

The Chief Secretary to the Dewan
of Mysore.

Sir,

I have the honour to forward for disposal an application from Astt: surgeon Fernandes for an allowance for subcharge of the Lunatic and Leper Asylum and Medical stores from the ~~day~~ date on which he took over charge from Apothecary Hallein.

Para 8 of the Proceedings of the Dewan, No 885-7-4 dated 6th May 1884, lays down that the fixed monthly allowance of Rs 50/ given to astt: surgeons covers all Medical duties which may be required of them, but this was not adhered to in the case of Astt: Surgeon Costello who held Medical charge of Mysore during Dr Benson's absence on Tour with H.H. the Maharajah, and who got an extra monthly allowance of

The extra work thrown on Asstt: Surgeon Fernandes on the departure of Apothecary Hellein is more laborious, though perhaps not of so responsible a character in some respects, as that which devolved on Mr Costello during Dr. Benson's absence, and the Dewan might take into consideration the question of granting him an allowance for it.

Mr Hellein's pay and allowances were as per margin.

† He was given temporary promotion to a higher grade during the time he acted for Dr B. & the analogy does not therefore apply. Under such circumstances I am unable to sanction any additional allowance to Mr F; not because I do not recognize the fact of additional duty and responsibility thrown on him after Mr Hellein's departure, but because I am unwilling to depart from a well recognized rule and to create an inconvenient precedent.

Dear Sir,

Please countersign my Lords Bills. Mrs I. Del any allowance for doing Mr Hellein's work. If you think so, please let me know how much & I shall correct them accordingly, or send in a separate bill for the same. Mr Hellein was to draw £270 nett. So this is all a saving of the sum. Hoping you will excuse

1st class Apothecary	Mr.	Hall	31st March 1886.
1st class Assistant Apothecary	Mr.	Pritchard	
1st class do do	Mr.	Costello	
1st class Hospital Assistant	Mr.	Arogyam Pille	
1st class do do	Mr.	Jirasamigaru	

19. On account of the Apothecaries and Assistant Apothecaries named in the foregoing list, the Mysore Government will pay, till the dates specified opposite their names, the contribution required to secure them British pensions. Their leave allowances will be paid by Mysore and no contribution on this account is therefore required.

20. It must be noted that the Madras Government was requested more than two years ago to take back the three officers, who, it is now proposed, should revert to Madras on 31st October 1884; and it is therefore believed that their return to Madras at 6 months' notice will cause no inconvenience. In anticipation of the return of these officers to Madras, Mr. P. S. Achyuta Rao, a Mysore student who has passed the Bombay L. M. S. examination, is appointed Assistant Surgeon of the 3rd grade from 1st April 1884.

The Senior Surgeon to the Mysore Government will be requested to advertize for two other candidates for the grade of Assistant Surgeons possessing the qualifications noted in the foregoing scheme. Their class and pay can only be fixed according to their qualifications and standing in the profession.

21. Mr. Choksi was appointed on his present pay of Rs. 200 in November 1880, and he says that he then had a distinct assurance from the Chief Commissioner, as well as from Mr. Rangacharlu, then Revenue Secretary, that he would get an increase of pay at the end of two years. The Dewan has been unable to find any record of such an assurance either in the Medical or the Educational Department, but from what is within his own personal knowledge and that of the officers whom he has consulted, the Dewan has no hesitation in believing that he was encouraged to expect an advancement after some service in Mysore. In March last year Mr. Choksi would have received this promotion, but he made that impossible then by his own omission to furnish a statement he was called upon to make. It is however not necessary to withhold the promotion from him any longer, and therefore he will be appointed an Assistant Surgeon of the 1st grade on Rs. *250 with effect as regards emoluments from 1st April 1883.

*Pay Rs.	...	200
Allowance	...	50
Total Rs.		250

22. It is necessary at present to maintain the local Medical School for the purpose of training Hospital Assistants for the local service. The school must, in order to be of any use, be attached to some Hospital and Mr. Choksi should be given an Assistant of the rank of Assistant Surgeon of the last grade. The management of the school should be under the orders of the Medical officer in charge of the Hospital. The school will accordingly be transferred to Mysore and placed under the general management of the Commissioned Medical officer there. The Senior Surgeon to the Mysore Government will be requested to arrange in communication with the Secretary, Educational Department, for the transfer of the school to Mysore at an early date.

R. VIJAYINDRA RAO,
Secretary.

His No 19 of the 8 January 1887 submitting an application from Asst Surg. 2. Under such circumstances the Director is unable to sanction any additional allowance for Asstt.
